## A Message from the Pastor

Dr. Anthony Fauci (USA) told a press conference recently;  
In targeting young people and those who lost their fear for infection with covet 19.  
The risk of infection is not just isolated to you.  
Because the chances are, if you get infected, you're going to infect someone else. . .  
When you do that, you are part of a process. . .  
When you get infected, you will infect someone else, who clearly will infect someone else. . . . Ultimately, you will infect somebody who is vulnerable.  
He said, "You have an individual responsibility to yourself, but you also have a social responsibility. . . ." So it is with our Christian walk, when we don't live it as we should.

The more time we spend with our holy God, the more his Spirit makes us holy. Our character bears transformative consequences, not just for us, but also all those whom we influence.

May God bless you
