WEDNESDAY BIBLE STUDY - 7:30pm Chesham Hall

Beyond Belief - The Search for Truth

Miraculously preserved for two millennia, ancient scrolls contain a narrative that places our world in the middle of a cosmic drama. *Beyond Belief* looks for confirmation that what these texts contain can be trusted as true. Enter the Qumran caves where they were found by a desert goat herder and explore the beautiful Waldensian Valley, in Italy's north west, where their content was meticulously copied over centuries. Also watch a first-hand account of a man tortured to the point of death for his belief in what they contained. *Beyond Belief* gives credible evidence that these ancient texts - the Bible - can be trusted today. You are invited!
